

WINTER SALTING AND GRITTING SERVICES

Let us take away that winter worry

Don't be caught unprepared!

The HSE 1992 Act (now including the HSE preventing slip and trips at work 2005 Act) states that in abnormal weather conditions, arrangements should be made to minimise risks from snow and ice on pathways and traffic routes. Meeting the requirements of this regulation can involve salt-gritting and snow clearance.

- industrial parks/trading estates
- office business parks
- shopping retail parks
- lorry and car parks
- private schools and university campuses
- private property and private roads

Automatic winter salting procedure

IPM Facilities offer winter gritting and snow clearing services, tailored to your specific site and needs.

One call to us will provide you with a flexible cost-effective solution to your winter gritting requirements.
